General information

Article number : 12071107 Page 500 g/m² Aware™ recycled book tote bag

Description : The Page recycled tote bag is the perfect fit to hold daily items and to bring on a variety of trips, from library to grocery store. With short but sturdy handles, this bag is comfortable to carry around for a long time. The tote bag incorporates Cyclo® recycled fibres where they use pre-sorted waste that determines the colour of the yarn. These fibres do not only reduce the demand for virgin resources but also exhibit a commitment to a circular life, embodying the essence of reducing waste and promoting a closed-loop system. Each bag also comes with an Aware™ tracer. This innovative feature allows users to trace the origins and journey of their item through a QR code, enhancing transparency in the supply chain and fostering a stronger connection between the product and its production process. 70% Recycled cotton and 30% Recycled Polyester, 500 g/m².

Brand : Unbranded
